Heartland Community Health Clinic
To Begin Extended Hours

Administrative Headquarters, Peoria Illinois, October 30, 2014 – Heartland Community Health Clinic will begin offering evening and weekend health appointments as part of its ongoing mission to provide primary health care to the medically underserved.

“Heartland Community Health Clinic is committed to increasing health care access for the community,” said Farrell Davies, CEO. The new extended hours will help us in that goal by offering more convenient clinic hours for those who are unable to make appointments during our normal business hours.”

Heartland Community Health Clinic will begin its extended hours in January 2015 at its Armstrong location. The hours will be Monday-Thursday 5:30PM-8:30PM and Saturday, 9:00AM – 1:00PM. As Heartland Community Health Clinic is committed to working in collaboration with the area hospitals, this will assist in reducing the emergency department over usage for common primary care health needs.

About HCHC

Heartland Community Health Clinic (HCHC) has been in operation since 2004, as a federally designated community health center. It began as an example of how a community addresses a growing concern: lack of access to health care, ineligible for programs, or no health care. **The Mission Statement: We provide accessible, high quality, comprehensive primary health care for the medically underserved, regardless of ability to pay, and conduct high quality programs in health professions education through collaborative partnerships.** For information, news and events visit heartlandchc.org.
